#### **The Role of the School Council**

Miss Nicholson and Miss Whiteley asked if anyone knew what the purpose of the school council is and why we have one. Maddie said it was so that we could talk about things and then talk to the class about them. Alex added that the school council made decisions.

Miss Nicholson gave some examples of what the school council had discussed previously such as class pets and school chickens.

## **AOB**

Mr Magnall spoke to the representatives about the School Council blog, where it is located and examples of the kind of information that we could post on it.
