#### **2. Helping Hands**

Miss Whiteley explained to the council representatives about the proposed Helping Hands Teams. The teams that will make up Helping Hands are:

- The Fundraising Team
- The Buddy Team
- The Publicity Team
- The Green Team
- The Helpers

Each team would have two leaders and a number of team members which may differ from team to team dependant on their focus.

Miss Whiteley then went onto explain each team's responsibilities and the roles that children could apply for and how to do so.

It was suggested by Miss Whiteley that the council should be actively involved in reading the completed application forms and the decision process. The council representatives all agreed that they would like this.

***Action: Representatives to notify their classes about Helping Hands, where the posters are located in KS2 and how to find out more information about the roles and how to apply for a job.***
