1. Welcome

Miss Whiteley welcomed school council to the meeting.

2. Trim Trail and Playground Improvements

Miss Whiteley and the School Council met on the playground near to the trim trail where they first discussed the minutes from the previous School Council meeting.

The school council representatives then worked in small groups and were asked to talk about their class' ideas with one another and any new ones of their own while taking into consideration the existing trim trail, the fort and the space available.

The council reconvened to discuss and Miss Whiteley shared some equipment ideas from a brochure following the council's feedback.

Based on this Miss Whiteley asked the council representatives about possibly contacting the company who had produced the brochure to organise for a representative to look at options and provide them with a quote. The council unanimously agreed to this suggestion.

Action:

- 1) Representatives to feedback to classes and decide which equipment ideally could remain be incorporated.**
- 2) Miss Whiteley to contact the company and arrange for a representative to contact her to discuss requirements.**

3. AOB

The Queen's 90th Birthday Celebrations

Amber asked Miss Whiteley for an update on the Queen's 90th Birthday Celebrations to which Miss Whiteley assured her that this was on the agenda for the next meeting and School Council would be discussing any plans and finalising them then.

Allerton's Got Talent

Kaela informed the council that Year 5 would still like to organise an Allerton's Got Talent. Miss Whiteley informed the council that there were already lots of events taking place this term and suggested that it might be better instead to organise it in the autumn term.

Action:

- 1) *Miss Whiteley to look into the possibility of holding an Allerton's Got Talent competition this term.*

Next Meeting: Wednesday 27th April
