Apologies: Vidya - absent

1. Welcome

Miss Whiteley welcomed all the councillors to the meeting.

2. New School Council Location

It was announced that School Council had a new meeting space – The ICT Suite as suggested by Mrs Stott rather than using the Library. The plus points being tables and two noticeboards that the council can use.

The representatives liked the new location and excitedly discussed potential notice board displays.

Action: Miss Whiteley to order blue border roll and if unable to find previous 'School Council' lettering create lettering.

3. Sensory Hub Garden

Miss Whiteley briefly informed the councillors about the development regarding the garden project and handed over to Amrit to deliver the presentation that she had delivered to Mrs Stott that morning.

Amrit advised them that there would be a budget to work to for landscaping and for accessories and then additional money for the sign.

Mrs Stott had put forward some suggestions for the name of the Sensory Hub for consideration in addition to the ones that the council had thought of. After a brief

discussion the councillors voted and decided that they would like to call this space 'The Hive' and Miss Whiteley thought it was a fitting name.

Action: Amrit and Tilly to meet with Mrs Stott on Monday with regards to a figure for the budget for this project and to clarify the font and colourway/s for the signage.

Next Meeting 5th May
